

## **Local:**

### ***Best Practices***

1. Reporting data back to locals for program improvement
2. Action steps to help locals improvement

### ***Challenges***

1. Technical attainment – “valid and reliable”
2. Special populations
3. Agreement on programs of study
4. Secondary/Postsecondary collaboration

### ***Opportunities***

1. Data to drive program improvement
2. High skill, high wage, high demand
3. Secondary/Postsecondary collaboration
4. “Perkins, this time around, is a way to get it right.” Building upon prior progress.
